MESSAGE FROM THE MD

Welcome to our first edition of *CW Rolling News* for quite some time! Over the past few months we have been very busy with CW's process and system improvements, all to ensure a better experience for CW customers. We have also made some significant improvements to our colour offering for our 36mm Extruded, 55mm and 77mm Widespan profiles. Recently we also launched our all new Awning & Blind Automation Catalogue which includes an extensive low voltage range

Dr Ibrahim Elasaad

of automation solutions. As the festive season is now upon us, I'd also like to thank you for your support & friendship this year, and would like to wish you and your families a Merry Christmas and Happy New Year. All the best for a prosperous 2016!

PRODUCT UPDATE!

SolarSmart
Roller Shutter Automation

All NEW SolarSmart™ Solar Panel!

CW Products is pleased to announce the release of our all new SolarSmart™ 3W Solar Panel! This new panel replaces our previous SolarSmart™ 1W and 2W solar panels with one convenient high performance solar panel. This attractive and efficient, fully sealed, weather proof, mono-crystal panel is designed to have 3 x times the output of our previous standard 1W amorphous solar panel and is designed to be just as compact. The new model will come with a black surrounding aluminum frame as standard. Please note that all SolarSmart™ kits will now have the new 3W Solar Panel supplied as standard. Should you have any questions please do not hesitate to contact your local CW Representative! Product Code: 41-999-126

Call (08) 8341 0120 for more info.

WHAT'S NEW AT CW

We are pleased to announce the launch of our first ever Awning & Blind Automation & Control Options Catalogue. Throughout our catalogue, you will find easy to use motor selection charts and a wide range of motorisation and control systems, including our low voltage SolarSmart™ and PowerSmart™ options, as well as an extensive range of 240V SIMU motorisation and control system solutions. Contact your local CW representative to order your copy!

PRODUCT PRICE REVIEW

36mm Extruded Perforated Price Rise

Due to a significant price rise from our supplier, we've been forced to review our pricing for the 36mm Extruded Perforated Profile range. Effective immediately a price rise of 12.5% will apply to full length profiles and a 5% surcharge for 36mm Extruded Roller Shutters with the Perforated Profile. Please note that Unperforated 36mm Profiles and Made to Measure Roller Shutter pricing remains unchanged.

55mm Widespan Manual Made To Measure Shutter Price Grid Error

We regret to inform you that an incorrect 55mm Widespan Manual Made To Measure Roller Shutter Price Grid was recently circulated as part of our latest set of price grids (V9). Your account manager will supply you with the correct price grid shortly. We apologise for any inconvenience this may have caused.

NEW PROFILE COLOURS

Due to regular and on-going demand, we are pleased to announce the recent addition of the following NEW profile colours, now available for the following roller shutter profiles and made to measure roller shutter orders!
